

## **Remarks**

**In the Office Action, the Examiner noted that claims 1-22 are pending in the application, that claims 1-13 and 22 are allowed, that claims 14 and 16-19 are rejected and that claims 15, 20 and 21 may be allowed if rewritten in a independent form including all of the limitations of the base claims and any intervening claims.**

## **Claim Objections**

**Claims 15-18 were objected for certain lack of antecedent basis. Claims 15 (and intervening claims 16 and 17 incorporated into claims 26 and 20, respectfully) were corrected as required.**

**Applicant respectfully submits that the claim objections have been corrected and are now in condition for appropriate allowance.**

## **Claim Rejections**

**The Examiner noted that claims 14 and 16-19, as presented, were rejected as being anticipated by Chien (5,485,358). Applicant has withdrawn claims 14 and 16-19 as presented. Applicant believes the claim rejections is now resolved.**

## **Allowable Subject Matter**

**The Examiner has allowed claims 1-13 and 22. The Examiner stated that claims 15, 20 and 21 would be allowable if rewritten in the independent form and including all of the limitations of the base claim and any intervening claims. Applicant has rewritten 1) claim**

15 to incorporate the lens cover having a series of attached hooks and loops limitation, 2) claim 20 (and new claim 26) to incorporate the emanation of more than one color spectrum limitation, and 3) claim 21, to incorporate the limitations of claim 15. Since claim 20 was dependent upon two intervening claims (16 and 17), claim 20 was rewritten to incorporate the limitations of claims 17 and new claim 26 was rewritten to incorporate the limitations of claims 16.

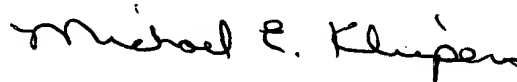

Applicant now believes that claims 1-13, 15, 20-22 and 26 are now in condition for allowance.

### **CONCLUSION**

In conclusion, Applicant respectfully asserts that claims 1-13, 15, 20-22 and 26 are patentable for the reasons set forth and that the application is now in condition for allowance. Accordingly, an early notice of allowance is respectfully requested. The Examiner is requested to call the undersigned at (619) 980-8680 for any reason that would advance the instant application to issue.
